

# Russell L. Groves

Professor & Department Chair

**Russell L. Groves, Professor and Department Chair, Department of Entomology, 537 Russell Laboratories, University of Wisconsin, Madison, WI 53706. (608) 262-3229 (office) [groves@entomology.wisc.edu](mailto:groves@entomology.wisc.edu)**

Russell L. Groves is a Professor in the Department of Entomology, and also Department Chairperson with a majority of his effort devoted to Vegetable Insect Pest Management. He has responsibilities for insect pests affecting commercial, organic and fresh market vegetables. His research focuses on the development of integrated pest management systems for vegetable crops and applied insect ecology with an emphasis on insect vector-borne disease epidemiology, insect dispersal and movement, and insecticide resistance management.
